of transacting business, I have signed LB 235. Under the same circumstances, 235A. Under the same circumstances, LB 259. Under the same circumstances, 259A. Under the same circumstances, 526.

CLERK: Mr. President, an Attorney General's opinion will be inserted in the Legislative Journal addressed to Senator Chamber's in regard to LB 381. Mr. President, there will be inserted in the Legislative Journal Legislative Resolution #56 calling for a study committee, Mr. President, which will properly be referred to the Executive Board by Senator Goodrich. Also, Legislative Resolution #57, again calling for a study, which will again be properly referred to the Executive Board. See Page 1863, Journal. Mr. President, motion on your desk. I move we take up LB 567 first on General File. Signed Senator Anderson.

PRESIDENT: Senator Burbach.

SENATOR BURBACH: Mr. President, members of the Legislature, according to our calendar, I think it is very important that we do make a disposition of several bills that we have before us even before our priority list and they are 328, 380 and 213. Now, then, these bills have been discussed and it is a matter of decision by this body whether they be adopted, accepted or rejected and I would like to proceed with these first. Now Senator Carsten has asked me to hold LB 589 until after Final Reading this afternoon but I would like to take up 328, 380 and 213 and then it is the option of this body if they want to change the order of the priority bills.

PRESIDENT: Senator Anderson.

SENATOR ANDERSON: Mr. President, we do have, I think, a very serious problem that's involved with this bill. It involves a control problem with the Department of Corrections and this is a bill that all of us on the Judiciary Committee have been working with this thing and feel it has to be taken up. We don't feel that we can take any kind of a chance of not getting this bill discussed and considered on the floor of the Legislature. I feel that it does have to be taken up. Speaker Burbach has indicated that it would take a motion on our part to get this bill up in the list. I would be willing to amend the motion to have it considered after LB 213, if that is acceptable with the Speaker. I will ask that that change be made in the motion, then, that LB 567 be taken up immediately following LB 213.

PRESIDENT: Senator Barnett.

SENATOR BARNETT: I guess I just had a question of the Speaker and I was wondering if Senator Burbach would yield to one question.

PRESIDENT: Senator Burbach.

SENATOR BARNETT: If they are going to take and remove 589 down, is there any reason you couldn't put this in place of 589? That is the one Senator Carsten wanted held back and then I thought maybe you could bring 567 and put there because I think this is very important to everybody in here. I know there is a lot of other things are too but I think this one, especially.
